

A collection of medical and educational symbols including a stethoscope, a magnifying glass over pills, a globe, and a pen nib, all arranged around a central blue globe.

*Education in mental
health for primary
care doctors*

Juan de la Fuente

Jornadas Current Opinion in Psychiatry: LEADERS IN MENTAL HEALTH

OBJECTIVES

- Establish loyalty of future psychiatric doctors who are currently GPs.
- Encourage Primary Care doctors to be continually educated in mental health.
- Reinforce the role of GPs in the diagnosis and treatment of patients with psychiatric disorders.

Confidential

Jornadas Current Opinion in Psychiatry: LEADERS IN MENTAL HEALTH

DESCRIPTION

- Alcalá University in partnership with Wolters Kluwer Health Spain welcomes medical professionals to the “Current Opinion Meeting in Psychiatry” which will have the attendance of:
 - 50 primary care doctors who have completed the on line Wolters Kluwer Health’s Psychiatry CME course in 2008; plus
 - Another 50 doctors who are interested in studying Psychiatry and are planning to do the one year on line course in mental health in 2009 through Wolters Kluwer Health’s CME platform.
- The University of Alcalá will present diplomas to those GPs who have completed the one-year course and successfully passed the on-line test at the end of 2008.
- Provide details of Wolters Kluwer Health university programme to the other 50 doctors who have been selected to participate in the programme during 2009.

Confidential

Jornadas Current Opinion in Psychiatry: LEADERS IN MENTAL HEALTH

DESCRIPTION

- This programme is accredited by SEAFORMEC with 14 credits. Each participant will receive a Expert degree diploma issued by the University of Alcalá in Madrid.
- Through Wolters Kluwer Health's CME website the course content is delivered.
 - Current Opinion review articles are discussed.
 - Forum for discussion between course participants and teachers.
 - On line test upon completion of the programme.
 - Each participant will present their own research project from which the best one will be selected for publication in a supplement of the peer-reviewed Current Opinion in Psychiatry journal.
